FOIA Request

Dear George W. Bush Library archivists,  
I am requesting the following documents under the Freedom of Information Act.  
Below is the list of all the records of telephone conversations and memoranda of conversations during meetings between President George W. Bush and Russian President Vladimir Putin. I am requesting all telcons and memcons from these dates and meetings.

I believe that these documents contain information of most importance to public interest, to scholars and general public who are trying to understand the trajectory of U.S.-Russian relations in the last two decades and more. I believe that release of these documents cannot harm U.S.-Russian relations or U.S. national interests since the relations between these two countries are currently at their lowest since World War II due to Russia's aggression against Ukraine.

Sincerely,  
Svetlana Savranskaya
